

## **AGENDA**

### **10:00 am – Welcome and Introductions**

Mahany Welding Supply was founded in 1946. For 65 years, we have been serving the Rochester region and have grown to become a major player in the Western NY metal fabrication market. It is our mission to provide our customers with a complete portfolio of high value products and services to make their operations as profitable as possible. We don't just sell products, we provide complete solutions to welding and fabrication problems. We don't just offer "traditional" welding products, we provide innovative offerings like in house equipment repair, metal, welder training, welder qualification testing, and weld inspection services. We work intensely to provide our customers with one source for all of their welding and metal fabrication needs. We embrace customers who understand that the "best deal" is not necessarily the lowest price, but the highest overall value.

### **10:15 – 11:15am – Business Overview by Michael Krupnicki.**
