### Masters of Business Administration (MBA)

**Description**
The MBA program is designed to provide a broad understanding of all business disciplines through a rigorous core curriculum focused on technology integrations, while allowing students to specialize through concentrations and electives.

**Best Suited For**
- **Full-time MBA**: Professionals interested in building business skills while maximizing their education through co-op assignments.
- **Accelerated 4+1**: Undergraduate students who have taken approved waiver courses (maximum 6 MBA core courses) to allow for an accelerated completion in 12 months.
- **Summer Fast Track**: Students interested in an intensive summer semester start and complete up to six core MBA courses in order to complete an MBA in one year.
- **Part-time MBA**: Working professionals interested in building business skills by taking courses part-time to complete their degree.

**Program Highlights**
The MBA core blends data analytics and business intelligence, integrated technologies, and an applied focus to deliver foundational knowledge across all areas of business. Customizable concentrations in supply chain management, entrepreneurship, technology management and more, cater to specific career goals and employers' business needs.

**Applied Experience**
